Assignment Topic :

Programming_Fundamental_Lab _01

Submitted by :

Muhammad Ahmad

Department :

BSCS__1st.

Roll No :

16

Section :

Section__D

Submitted To :

SIR ASAD.

CamScanner

Task 1:

```
#include <iostream>
using namespace std;
int main ( ) {
cout << " Hello word!" << endl;
return 0;
}
```

Output:

Hello word!

CamScanner

Jntitled1.cpp

```cpp
#include  <iostream>
using namespace std;
int main()
{
    cout << "Hello word!" << endl;
    return 0;
}
```

CamScanner

Task 2:

```
#include <iostream>
using namespace std;
int main ( ) {

Cout << "You are 10 year old!"<<endl;

Cout << "You are too young to play
games!" << endl;
```

Output

```
You are 10 year old
You are too young to play
games.
```

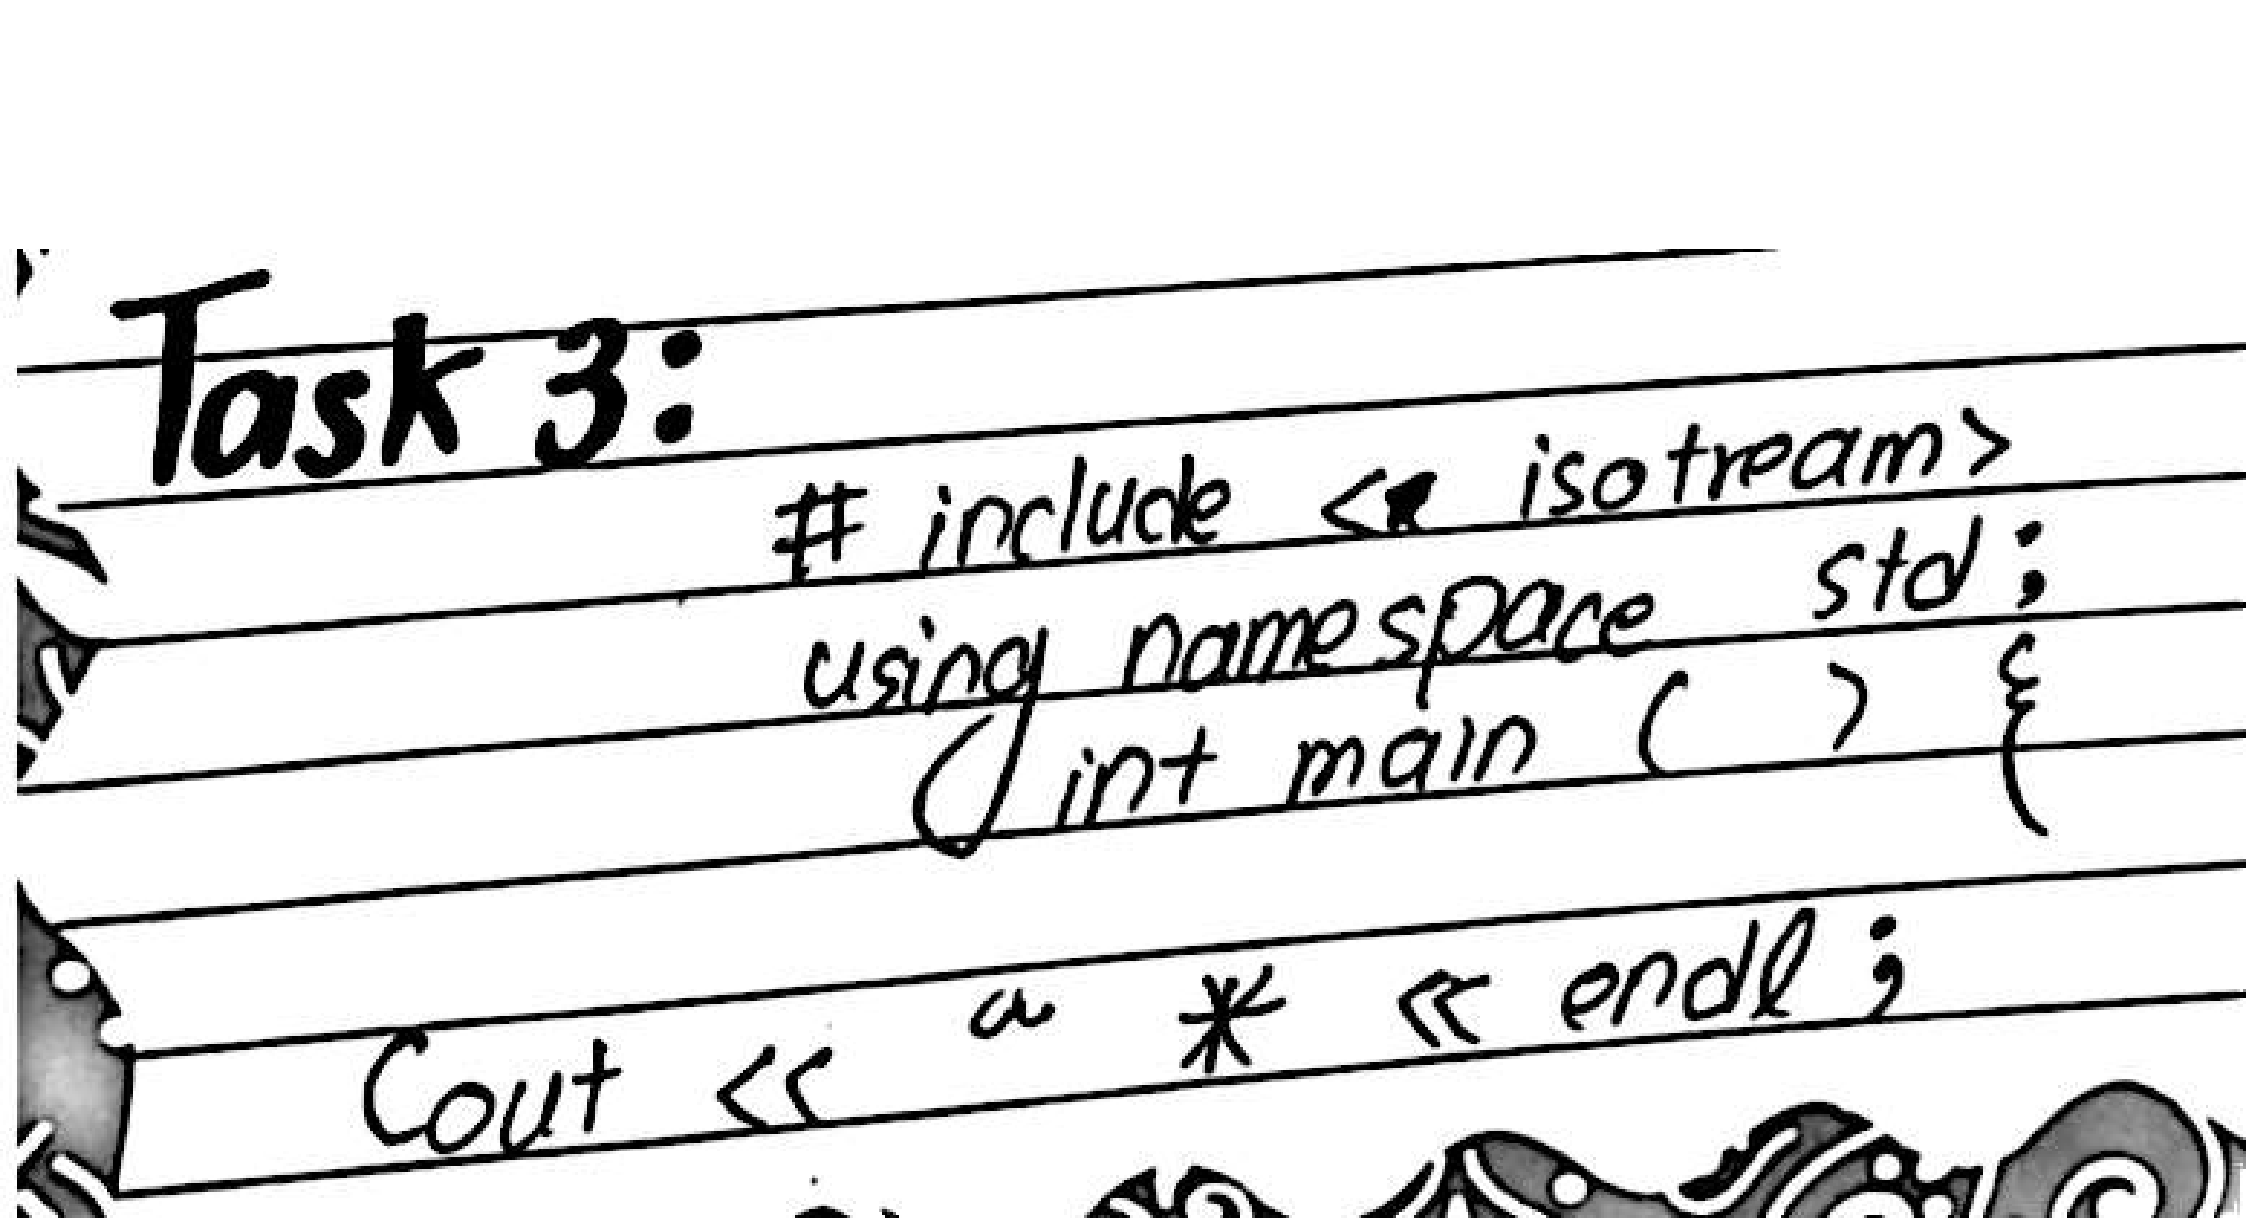

```
1    #include  <iostream>
2    using namespace std;
3    int main()
4    {
5        cout << " You are ten year old!"<<endl;
6        cout << " you are too young to play games!" <<endl;
7        return 0;
8    }
```

```
C:\Users\PAK COPMUTERS\Desktop\Untitled1.exe
You are ten year old!
you are too young to play games!
```

CamScanner

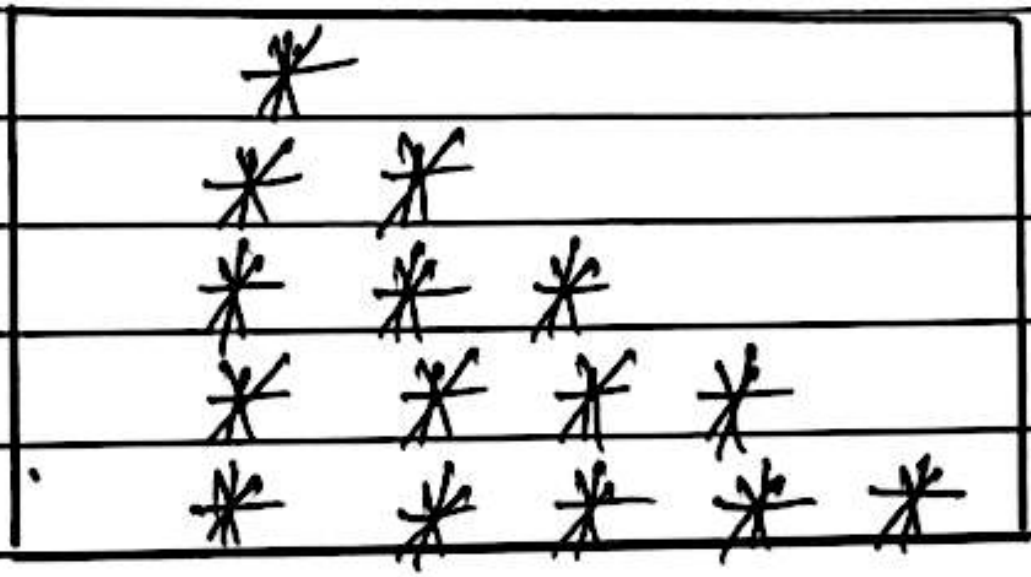

Task 3:

```
#include <iostream>
using namespace std;
int main ( ) {
cout << a * << endl;
```

```
cout << "  *  *" << endl;
cout << "  *  *  *" << endl;
cout << "  *  *  *  *" << endl;
cout << "  *  *  *  *" << endl;
cout << "  *  *  *  *" << endl;
```

Output:

titled1.cpp

```cpp
#include  <iostream>
using namespace std;
int main()
{
    cout << " * "<< endl;
    cout << " ** "<< endl;
    cout << " *** "<< endl;
    cout << " ***** "<< endl;
    cout << " *****"<< endl;
}
```

C:\Users\PAK COPMUTERS\Desktop\Untitled1.exe

```
